

# ISH PURWAR

STUDENT AT ABES ENGINEERING  
COLLEGE

## ABOUT ME

I'm a Computer Science and Engineering with Artificial intelligence and machine learning student at ABES Engineering College, Ghaziabad. I am passionate about solving the real life problems and keen to learn and implement all the technical strategies to modern-day projects. I found myself deeply interested in domains such as Competitive Programming, and Web development. I have experience with programming languages like C++, Java and Python.
